Improves sleep + Reduces Stress = Reduces Fat

Our Ayurvedic formulation gives you a newer and healthier you! **Minimal Efforts, Best Results!**

1 Month 1

Improves Sleep
Lowers cortisol levels
Reduces appetite

2 Month 2

Reduces Stress
Decreases cravings
Strengthens metabolism

3 Month 3

Reduces Fat
Balances hormones
Promotes fat-burning process

Power Rootz SSS Formulae is the result of a blend of the traditional system of medicine with modern science.

This powerful Ayurvedic medicine is designed to naturally reduce stress, improve sleep, and balance appetite-stimulating cortisol levels to reduce fat. It balances hunger hormones like ghrelin and leptin, which in turn promote metabolism, thus supporting better weight loss.

Following the advised consumption course of 3 months, this formula will detoxify your body and provide you with quality sleep, a stress-free mind, and weight loss.

The SSS formula, which focuses on improving sleep, reducing stress, and aiding fat loss, is clinically tested by experts and is safe to use. With GMP and ISO certification, this herbal formulation can be trusted to reduce fat in the body.

What role does sleep play in effective weight management?

Sleep impacts your daily routine directly. Lack of sleep leads to a change in a person's behavior as it increases the levels of cortisol in the body and reduces the level of serotonin, causing an individual to experience mood swings, irritability, and stress.

Quality sleep is as important as daily work. Lack of sleep is the biggest reason for people to be stressed and become habitual of unhealthy food. It plays a major role in balancing your emotions, enhancing your concentration and focus, boosting your immune system, supporting heart health, and controlling your cravings for junk food which helps in weight management. Our SSS Formulae is designed to reduce stress, which in turn balances hormones, reduces cravings, and helps with fat loss.

Can you really reduce fat with minimal effort?

Our Power Rootz SSS formulae works on fat reduction while you take deep sleep. With its powerful ingredients such as Ashwagandha, Amla, Green Coffee, Ginger, and more, this natural medicine solution improves sleep, reduces fat, controls cravings, and balances hormones for effective weight management.

So, get ready to reduce fat with minimal effort! All you need to do is take the Power Rootz SSS formulae consistently as per the recommended dosage to improve sleep, reduce stress, and aid in fat loss.

Are you aware.....

“ According to a research study, inadequate sleep contributes to weight gain and obesity. The results showed that adults who sleep for fewer than 6 hours a night are more likely to be overweight or obese due to hormonal changes that increase appetite. ”

~The Indian Journal of Medical Research
